

SHORTER but **Bigger** **3** Meter

Vivitek D927TW

High Brightness Projector **SHORT-THROW**

87.6" Diagonal @ 1 m . 100" Diagonal @ 1.14 m

High brightness short-throw projector, providing versatility for a wide range of environments such as a classroom or a meeting room.

Vivitek D927TW

High Stability

new lamp with increased stability

Every user realizes that the lamp is a significant part of any projector. Lamp life and projection quality will be negatively influenced by using a flawed lamp. Vivitek Corporation has cooperated with Osram, the world's top lamp manufacturer, to develop a new generation of high efficiency lamp that last up to 4,000 hours in Eco mode.

High Brightness **Tired of a dim image?**

Improve the image with high brightness

Market demand for high brightness projectors has gradually increased. The added benefit of high brightness is that the projector delivers more ambient light for the presenter's presentation.

Filter Free **Say NO to the anti-dust filter**

no anti-dust filter is required

Unlike other technology based projectors, the D927TW incorporates DLP technology which is far superior against fighting dust. The D927TW has a sealed optical engine, which is filter free, and more durable in comparison with plastic components.

Easy Lamp Replacement

sliding top cover: Convenient top sliding cover allows for quick and easy lamp replacement.

Stunning Picture Quality

VividWheel III-enhanced Color Reproduction

- ▶ Improve color reproduction. Enabled Video AGC (Automatic Gain Control) for Video Source.
- ▶ With enabled Color Wheel III you will enjoy a constant output signal from an electronic circuit despite variations in the strength of the input signal.

Saving Time, Off & Go!

Full Connectivity **HDMI, RJ45, RS232, AUDIO**

The D927TW has been designed specifically for the education and office markets, so comes fully ready with the latest connectivity ports. This includes HDMI, RJ45 and RS232.

Wide Angle *Space limited solution*

The D927TW allows you to project a larger image from a shorter distance. An image shot onto a 100-inch screen can be achieved from a distance of about only 1,14M (3.7 feet).

D927TW is ideal for the space limited environments such as small conference room or classroom.

MODEL : VIVITEK D927TW

Display technology	0,55" 1-Chip DMD
Resolution	WXGA 1280 x 800
Brightness	2700 Lumens
Contrast ratio	2400:1
Projection distance	0,5m-5 m
Lens throw ratio	0,53:1
Projection screen size	43,8" - 438"
Remote control	Fully Featured IR Remote with Laser Pointer and Mouse
Lamp	230W
Aspect ratio	Native (16:10) & Compatibility (4:3, 16:9)
PC compatibility	VGA, SVGA, XGA, WXGA, SXGA, Macintosh
Video compatibility	SDTV(480i, 576i), EDTV (480p), HDTV (720p, 1080i) thru RGB, NTSC/NTSC 4.43, PAL B/G/H/I/M/N 60, SECAM
PC input terminals	RGB (D-Sub)x2, Composite Video (RCAX1), S-Video (Mini DIN)x1, Audio RCAX1, Audio Mini-Jackx1, HDMI(V1.3)x1
Output terminals	RGB (D-Sub) x 1, Audio Mini-Jack x 1
Communication terminals	USB (Service), RS-232C x 1, RJ45 x 1
Keystone correction	Vertical (+/- 15 degree)
Fan noise level	29dB (Eco-Mode), 34dB (Normal Mode)
Audio speaker	3W
Projection method	Front, Rear, Table Top and Ceiling Mount
Dimensions (WxDxH)	335 x 256 x 102mm (13.2" x 10" x 4")
Weight	3,5kg (7,7lbs)
Power supply	AC 100-240V
Power consumption	290W, <1W Standby Power
Accessory	AC Power Cord, VGA-VGA Cable, Batteries for Remote, User Manual(CD), Remote Control, Lens Cap, Carrying Case
Osd language	English/French/German/Italian/Spanish/Korean/Hungarian/Simplified Chinese/Traditional Chinese/ Russian/Greek/Czech/Portuguese/Polish/Finnish/Swedish/Dutch/Danish/Turkish/Arabic

Environmental Protection **ROHS**

A mission from Vivitek **COMPLIANT**

Vivitek Corporation always pays attention to the environment. The D927TW contains the following parts that are RoHS compliant:

- Lead-free solder: used for soldering all parts, including electronic component
- Lead-free glass: used for the lens
- Recycled paper: used in the user manuals and packing
- Hi-efficiency power switching: reduces power consumption
- Less than 1W power consumption in standby mode, Conforms with the American Environmental Protection Bureau plan on Electronic Products Energy Savings
